SUMMARY

- Ambitious second-year Computer Science student specializing in Frontend Development, with hands-on experience in React, Next.js, TypeScript and tools.
- Self-driven and growth-focused, with a strong ability to quickly learn, adapt, and turn ideas into scalable, real-world solutions.

EDUCATION

Assumption University of Thailand – Thailand, Bangkok

Nov 2024 - Present

Bachelor of Science in Computer Science

GPA: 3.5/4.0

Relevant Coursework:

- Data Structure and Algorithms
- Software Engineering
- Android Application Development
- Object Orient Programming

TECHNICAL SKILLS

Frontend – Next.js, React.js, Tailwind CSS,

Tool – Git, Jest

PROJECTS

[GearUp](#) - Vehicle Marketing Platform

Sep 2025 – Feb 2026

Frontend Developer

Tech Stack: Next.js, TypeScript, Tailwind CSS

- Architected scalable frontend to integrate **50+ REST APIs and real-time updates (SignalR)**, enabling responsive and synchronized user experiences
- Collaborated with backend developer to define API contracts and ensure seamless data flow between frontend and backend systems
- Implemented authentication using **session storage and cookies**, with protected routes enforcing role-based access (admin, dealer, user)
- Designed and built key features including **real-time chat, appointment booking system, admin dashboard, and dealer dashboard**, handling validation and user workflow logic

- Optimized rendering of large car image datasets using virtualization, significantly reducing DOM load and improving performance
- Expanded unit and integration tests using **Jest**, improving reliability of core UI components
- Enhanced performance, accessibility, and SEO, achieving **100/100 Lighthouse scores across all categories**

MASMAX – Movie Browsing Platform

Mar 2024 – Aug 2024

Frontend Developer

Frontend: React.js, TypeScript, Tailwind CSS

- Developed a full stack web application by integrating secure authentication, filtering, content browsing and responsive UI behavior
- Optimized Image-driven application performance, achieving 99/100 Lighthouse scores and improving performance by 24%
